\* Pursuant to Article 223-11, paragraph 2 of the AMF General Regulations, the total number of voting rights is calculated on the basis of all shares to which are attached voting rights, including shares deprived of voting rights.

**About EURO**

EURO is a French company whose main assets are a royalty on the Rosebel gold mine production in Suriname (the “Rosebel royalty”), a royalty on the Paul Isnard concessions, a silver stream from a subsidiary of Orezone Gold Corporation (“Orezone”) and marketable securities. The Rosebel gold mine is 95%-owned by IAMGOLD Corporation (“IAMGOLD”), and is operated by IAMGOLD. The royalty on the Paul Isnard concessions is a net smelter returns production royalty on future production of the Paul Isnard concessions and an area of interest surrounding the concessions in French Guiana, owned under a joint venture agreement between Orea Mining Corp. and Nord Gold SE. The silver stream entitles EURO to receive 50% of the payable silver production over the life of mine on Orezone’s Bomboré Project, located in Burkina Faso, West Africa.

EURO has approximately 62.5 million shares outstanding. At April 30, 2022, IAMGOLD France S.A.S. (“IAMGOLD France”), an indirect wholly owned subsidiary of IAMGOLD, owned approximately 89.71% of all issued outstanding shares of EURO. As at April 30, 2022, IAMGOLD France held 56,058,191 shares representing 112,116,382 voting rights or 94.24% of the voting rights of EURO. This threshold crossing results from a double voting rights allocation.
