**EURO RESSOURCES S.A.
ANNOUNCES EXTENSION OF CREDIT FACILITY**

PARIS, France, April 27, 2007: EURO Ressources S.A. (TSX: EUR; Euronext of the Bourse de Paris: EUR) today announced that Macquarie Bank Limited has agreed to defer repayment of the principal repayment due on 29 April 2007 until 29 January 2009. EURO will pay a nominal administration fee in respect to this deferral.

James H. Dunnett, EURO's Directeur-Général, stated "The strike at Rosebel in the first quarter 2007 resulted in reduced gold production and the royalty payments to EURO are correspondingly lower, notwithstanding a higher gold price. The deferral of payment of the principal due under EURO's credit facility maintains sufficient liquidity for EURO at minimal cost."

EURO also states that negotiations with Patricia Mining Corp. ("PAT") (TSX-V: PAT) are continuing regarding the previously announced business combination of the two companies. Mr. Dunnett stated: "The process to settle arrangements with PAT has taken longer than expected, but we are encouraged by the recent announcement regarding the updated resource at the Island Gold Mine. We now await the technical report and related mine plan to enable us to move forward with this transaction."

About EURO

EURO is a French company, presently focused on acquiring and holding mineral royalties and similar interests on operating gold mines. Additionally, EURO continues to hold certain exploration and development mineral rights, principally gold, in French Guiana, which are the subject of joint venture arrangements. EURO has approximately 50.5 million shares outstanding.

Statements Regarding Forward-Looking Information: *Some statements contained in this news release are forward-looking statements. Investors are cautioned that forward-looking statements are inherently uncertain and involve risks and uncertainties that could cause actual results to differ materially. Such statements include comments regarding the Company's intentions regarding the acquisition of other corporations and additional royalty or mineral interests as well as the operations and results of the Rosebel gold mine. There can be no assurance that future developments affecting the Company or the Rosebel gold mine will be those anticipated by management.*
